TRAIN IS BURIED UNDER SNOWSLIDE

EXPRESS TRAIN STALLED FIVE DAYS LIES BENEATH SNOW.

TWENTY BODIES RECOVERED

Twenty-five Still Missing—Avalanche at Wellington, Wash., Kills Fifteen or Twenty—Relief Train to Scene.

Everett, Wash., Mar. 2.—Twenty bodies have been recovered, twenty-five persons are missing and fifteen or twenty injured in an avalanche at Wellington.

Everett, Wash., Mar. 2.—The Great Northern Spokane Express, which has been stalled on the summit of the Cascade Mountains since last Thursday, was buried by a slide early today. It is believed there was loss of life. A relief train has gone from Everett, but will not be able to get within ten miles of the train.

The stalled train was about two miles west of the west portal of the Cascade tunnel and the track was open to the tunnel. At the Great Northern headquarters the number of persons on the train is given as thirty. Two passengers who came out and walked over the ten miles that is blockaded gave the number of persons on the train as more than sixty, of which fifty-one were passengers.

Among them were several women and children. News of the burying of the train came in a telephone message from Scenic Hot Springs, but connection was lost before any particulars could be obtained.

THINK NO ONE KILLED.

Great Northern Officials Believe Passengers Were in Hotel.

St. Paul, Minn., Mar. 2.—Great Northern officials have received word that train No. 25 that runs between Seattle and Spokane was swept off the track and buried by a snowslide at Wellington, Wash., at 4:30 o'clock this morning.

Information is meager and it is not known whether there are any fatalities. Local officials do not think that anyone was killed, as the train had been stalled at Wellington for three days, and they are of the opinion that the passengers were at hotels.

Later advices state that the Great Northern transcontinental mail and express train No. 27 and four electric motors used to pull trains through the Cascade tunnel were also swept from the tracks and carried 100 feet by the avalanche. The mail and express train does not carry passengers and as it had been stalled for several days it is not thought there was anyone aboard.

Traffic is at a standstill between Cutbank and White Fish, Mont., and between Leavenworth and Seattle, Wash. Rotary snow plows have been started for the west to help clear the tracks.

MOUNTAIN TRAFFIC IMPEDED.

Warm Wind and Rain Cause Snow Slides.

Seattle, Wash., March 2.—Warm wind and rain caused rapid melting of snow in the Cascade Mountains today, bringing slides of snow, earth and rock down on the railroad tracks and turning the mountain streams to torrents.

The Northern Pacific canceled two trains each way and its other trains crept cautiously past points where danger threatened. The Great Northern, whose main line is buried for ten miles, operated one transcontinental train each way by way of Vancouver, Wash.

PRAIRIE FIRE THREATENS TOWN.

Jennings, Ok., Mar. 2.—The town of Jennings was threatened last evening and night by a raging prairie fire fanned by a terrific gale. The fire was southeast of the town and it became necessary for citizens to turn out and fight against the fire until after midnight in order to save the town, and as a result there was little damage.

Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three month's wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

SHERIFF SAVES FRIES FROM BEING LYNCHED

NORMAN BOY HAS CLOSE CALL AT OKLAHOMA CITY

Mob Attempts to Take Life of Youth Who Murdered Automobile Driver

Oklahoma City, March 2.—Eight automobiles, carrying 75 men, said to be changeurs and friends of the murdered driver, Artie Rose, arrived at Norman at 3:45 Wednesday morning, drove to the county jail and demanded of Cleveland county sheriff, Ike Sale, the body of the confessed murderer of Rose, eighteen-year-old Leon Fries.

The threatening attitude of the invaders, there with the manifest intention of putting lynch law into effect to atone for the murder of their comrade, was met with entire calmness by the sheriff, who was dressed and waiting the visitors.

"You're too late, boys; acouple of hours too late; the man you want is not here."

From the gang, alighted from the cars, and gathered around the sheriff, there came a growl of mingled doubt as to the statement's truth and disappointment that it might be true.

"He's putting us off boys; let's get in the jail," shouted the leader. "You're perfectly welcome, boys, but you can't all come at once," replied the sheriff. "Get a committee of six if you want to, and we'll search the place. You won't find him though, because you're awfully too late."

Although the ones in the background of the mob set up a shout to rush the jail the general temper of the leaders was to accept the offer of the sheriff. Six of those in the front ranks lined up with the official and went to the jail door.

A search of ten minutes resulted in the appearance of a down-cast committee again at the jail door. "There is nothing doing, boys," said the leader to his waiting cohorts.

The sheriff allowed a thorough search of all jail premises, basement, solitary cells, and through the corridors. A search of the court house followed with the same result.

"Are you satisfied now, or shall we go farther?" said the sheriff after this.

Both the raiders were satisfied, and after a short conference with the sheriff the visitors retreated to the waiting automobiles and left the city.

Rumors in Oklahoma City Tuesday night and early Wednesday morning told of the absence from the city's streets of most of the livery cars in town. Suspicion at once arose of the intent of this move. It is believed that an officer at the Oklahoma City headquarters, suspecting this, wired to the county sheriff some time before midnight, in time for Sales to get away with the murderer.

When asked at what time in the night or morning the first tip on the affair came, Sales would only state that it came in plenty of time and that the man was fifteen miles away in charge of deputies before the first Oklahoma City automobile appeared in Norman.

The crowd from Oklahoma City which went on the self-announced lynching party was lead, according to Sales, by a man who was an intimate of the dead chauffeur, Rose.

DEPUTY KILLED AT QUINTON.

John Hodge Meets Instant Death From Rifle Shot.

McAlester, Ok., Mar. 2.—John Hodge, a deputy sheriff of Haskell county, was shot and instantly killed at Quinton, on the eastern border of this county. He had just arrested one man, when another, who was across the street, called to the peddler to come to him. He started and a rifle was fired, striking the deputy. A watch the deputy had in his coat pocket was shattered and pieces of it were driven into his heart. An arrest has been made.

A HORSE FREEZES.

Poteau, Ok., Mar. 2.—A car load of horses was being shipped this week from Joplin, Mo., to Little Rock, Ark. One of them got hurt and was put off at Howe. The claim agent had him sent to Poteau, where he could get the service of a veterinary. They were all night getting here, but the next morning found him dead.

REPRESENTATIVE NAMES HITCHCOCK A "DICTATOR"

LINDBERGH OF MINNESOTA VIG-
OROUSLY PROTESTS.

However, He Is Ignored Because He
Belongs to the Insurgent
Outfit.

Washington, Mar. 2.—"A political
dictator" is one of the epithets ap-
plied to Postmaster General Hitch-
cock by Representative Charles Lind-
bergh of Minnesota in a vigorous let-
ter of protest against the Postmaster
General's course in refusing to ap-
point postmasters on Mr. Lindbergh's
recommendation because the Minne-
sota representative is a member of
the insurgent band of the house. Mr.
Lindbergh in his letter to Hitchcock
also denounces Aldrichism and Can-
nonism, repudiates Aldrich and Can-
non as leaders of the republican party
and charges that the postmaster
general has entered into a conspir-
acy with standpat politicians in his
district to defeat his renomination.
After reciting a number of cases in
which Hitchcock refused to appoint
postmasters on his recommendation
because he has identified himself with
the Progressive Republicans, Mr.
Lindbergh continues:

"The professional politicians, I am
informed, have endeavored to make
it appear to you that I am opposed
to the administration, and that I do
not act upon matters that come into
the House for consideration in line
with the wishes of the president. No
one should doubt that I favor pro-
gressive legislation. I favor the
president's progressive ideas, but I
cannot trust with implicit confidence
Cannon's and Aldrich's espousal of
the progressive cause. I have evi-
dence that makes me believe they
are not favorable to the essential
features of the president's best ideas
and I should scrutinize very closely
any bill drafted by them or their
agents.

"Your objection to me seems in
some things to date back to a pe-
riod when I made an attack on Can-
nonism and Aldrichism. I now feel
that my being in disfavor with your
department is due to my opposition
to the leaders of the house and the
senate. I assume also that you
are in good faith in thinking that be-
cause they are the apparent leaders
of the party, I, a republican, should
act in concert with these so-called
leaders. If that is so there is an
irreconcilable conflict on, for I do
not recognize these gentlemen as the
leaders of the republican party. You
must realize that both these men and
a few of their most ardent followers
are a great burden to the party and
a greater burden to the people, and
the sooner their leadership ceases
the safer the future of the republi-
can party."

Recurring to the question of post-
masterships, Mr. Lindbergh says:
"If you do not appoint the men I
recommend, when new postmasters
are to be appointed, it will not in-
jure me half as much as it will the
reputation of your department and
some of the professional politicians,
for the people of my district know
that all sorts of inducements have
been made to me to be favorable to
the leaders of the house."

les Mitchell, president of the Nation-
al Purity Association and president

to-date equipment and college build-
ing, secured through the efforts of

REPUBLICANS IN LEGIS- LATURE STAND BY NEGROES

TAYLOR MEASURE MEETS WITH
PASSAGE.

Negro Question Is Subject of Long
Debate—Initiative and Refer-
endum Amended.

Guthrie, Ok., Mar. 2.—In working to
final roll call the Taylor bill amend-
ing the initiative and referendum
law, and fixing a new method for sub-
mitting amendments to the Consti-
tution, the House had a long de-
bate on the negro question and the
disfranchisement of persons of Afri-
can descent. The bill, which was pass-
ed, permits the placing of proposed
constitutional amendments anywhere
on the ticket the Election Board
chooses, and requires the printing
of the following statement:

"For the amendment." If an elector
desires to vote against the amend-
ment he eliminates the words; if he
favors it, these words are left on
the ballot. Under the rule a person
may entirely disregard the ballot in
this respect and still be counted as
favoring a proposition so submitted.
Advocates of the bill claim that if
the voter does not record himself
against a proposition he may reason-
ably be included as favoring it. The
republicans boldly charged that the
purpose of the new law was to
make it possible to relieve the ne-
gro of his franchise by adopting the
"grandfather clause," and upon
this basis the debate was pitched
without a denial from democrats that
such a revision of the elective fran-
chise would be possible.

Whether unwittingly or not re-
publicans made it plain for the
democrats to get on record with cer-
tain amendments. One which Mr.
Jones leader of the minority, sent
up for that side of the house, pro-
posed to change the scheme of vot-
ing. The plan fixed in the bill had
been vigorously denounced as un-
fair, while the minority's amendment
suggested the use of the following,
which it asserted would give the
elector a free road in registering his
choice on Constitutional amendments:
"For the amendment—yes," and un-
derneath it "Against the amendment
—no."

After Mr. Tillotson, Democratic
caucus leader, put through a motion
to print the amendment in the jour-
nal as coming from the minority, he
explained that the republican plan
left the voter but one alternative, that
of voting for proposition submitted
under the act, whereas, he explained,
the bill would give a voter an op-
portunity of favoring or opposing
amendments.

Debate an Hour.

Debate on the bill was limited to
one hour on each side. Judge Cook
of Muskogee was presented by the
republicans and he consumed forty-
five minutes. He stated that he under-
stood Mr. Tillotson to announce on
the floor of the house that one pur-
pose of the law was to make it easy
for disfranchising the negro.

Judge Cook is a native of North
Carolina, and he told the house that
thirty-nine years ago he presented
himself at the ballot box in his na-
tive county. There were several hun-
dred negroes, some of whom had
been slaves of his father, around the
polls. The man at the box presented
him a Bible and he was required to
take the oath of allegiance, and
swear to support the constitution of
the United States, he said, before
he was allowed to cast his ballot.

"I took the oath," said the judge,
"and that is the first time I got into
the federal union. The constitution
says the right of franchise shall not
be denied on account of race, color
or previous condition of servitude.
That was forty years ago I took the
oath and I have not violated it since,
and will not do so now. Other men,
then, older than I, said that the end
justified the means; that the oath
was thrust upon them by the federal
army, and they did not propose to
be bound by it. That was forty years
ago, gentlemen. If it was wrong then
to give the negro suffrage, I submit
that it is not so now. The negro has
had forty years of education and
improvement. I took an oath to sup-
port the constitution of the state,
but there was no federal army in
that, and I still refuse to violate the
oath I then took."

Tribute to Slave.

He paid a glowing tribute to the
negro slave, who while the master
was away fighting the flag that was
then marching south to strike the
shackles from the negro's limbs, re-
mained at home with consistent for-
titude and integrity, which, the speak-
er said, was unlike any race be-
fore or since, and that he guarded
the home and the womenfolk. The
Lord had liberated the Israelites from
Egypt and provided a place for them
to go on forty years' probation, the
speaker related, while the federal
government had liberated the negro
and gave him the sacred ballot, and
that was all. He thought that the
forty years of probation the negro
has been on would about square ac-

counts to where he should be entitled
to retain the only thing the federal
government gave him.

Of the negro race, he said 59 per
cent was educated.

Mr. Sherman, republican, of Major
county, in five minutes confided to
the democrats that one reason for
calling the special session was to
pass an election law, since democrats
were beginning to fear the time was
not distant when they would be per-
mitted not to handle the state gov-
ernment.

"So far as the negro is concern-
ed," the speaker declared, "Haskell
was elected by them to the consti-
tutional convention from a Muskogee
district. He was on an independent
ticket. If it was all right then, it is
right now."

He said that within four sessions
of the legislature Oklahoma would
have a new constitution and that if
the truth were known the state is
now short by about \$1,000,000 on ac-
count of the "progressive" ideas of
the democratic administration put in-
to operation.

Mr. Utterback, republican of King-
fisher followed, telling the house that
he still had faith that some of the
democrats would oppose the bill. He
referred to those whom he term-
ed "honest democrats" and the Wil-
son bill, which provides for investi-
gation of the state offices every reg-
ular and special session of the leg-
islature, which bill, he said the sen-
ate was holding up to save the gov-
ernor the difficulty of vetoing it. He
said that the state would go repub-
lican in the next election by 25,000
majority, notwithstanding a majority
of the people were democrats at heart.

Debate for Democrats.

When the minority had consumed
all its time Mr. Ewell opened de-
bate for the democrats, and he first
told the republicans that if the de-
mocrats put the bill through they were
willing to take the consequences. He
declared that franchise was not a
right by, but a gift of government;
he believed in a white man's govern-
ment. The one purpose of the bill, he
declared, was to raise the standard of
citizenship. He pointed out to Judge
Cook of the minority that his na-
tive State, North Carolina, had the
grandfather clause, and it was en-
tirely constitutional there. Mr. Gil-
mer of Ardmore, also a native of
North Carolina, pronounced himself
as against a negro voting or holding
office in the state of Oklahoma. Also
addressing himself to Judge Cook, he
stated that the grandfather clause
had been adopted in North Carolina
by a 65,000 majority.

Mr. Tillotson took up Judge Cook's
statement about the children of Is-
rael, and said that the Lord saved
them for themselves and not for
their votes.

"In the Muskogee election, of
which the gentleman also spoke,"
said Mr. Tillotson, "the white repub-
licans and democrats joined in the
election of Haskell and P. B. Hop-
kins in order to keep a negro out
of the constitutional convention. That
was the situation then, and I un-
derstand that it is the same to-
day."

"Hurrah for Haskell," sung out a
member in the rear.

"The negro vote is only a repub-
lican asset," continued Mr. Tillot-
son. "As soon as the election is over
you have no more use for the negro.
I want the negro protected but I
want the white man to make the
laws."

JACKSON COUNTY BOND ISSUE.

Altus, Ok., Mar. 2.—Jackson coun-
ty will vote March 26 on the is-
suanee of \$100,000 bonds for the
building of a new jail and court
house. The present court house is
inadequate for court purposes and
affords no fire protection for the
county records. The jail is small and
unsanitary. The tax will be less than
one mill on the dollar, as the val-
uation for Jackson county in 1909
was more than \$11,000,000 and will
be greatly increased this year.

TULSA COMMERCIAL CLUB.

Tulsa, Ok., Mar. 2.—With the de-
termination of accomplishing much
for the industrial growth of Tulsa
during the coming year, the Com-
mercial Club has created two new
departments, that of commissioner of
public affairs of the club and rate

clerk. Secretary Hawley will fill the
former office and E. M. Cline, form-
er Frisco agent here, will occupy
the office of rate clerk. The Commer-
cial Club is closing up deals for
the location of several valuable in-
dustries which will increase con-
siderably the dinner pail brigade.

"Shooting An Oil Well"

After a prospective Gusher had been located in one of
the great oil fields, preparations were made to produce one
of the greatest nature and educational films ever shown on a
screen. Beginning with a clear view of the derrick, with busy
workmen, each wearing a hopeful look as the heavy steel bit
plunges down until over 1,600 feet is registered to its credit.
Then oil sand is reached and all is wild with excitement. The
shooter's wagon is soon on the ground and after 80 quarts
of the deadly explosive, nitroglycerine, is lowered to the bot-
tom of the hole, the great demon of destruction is touched
off by an electric attachment, sending oil, sand and rock
hundreds of feet into the air.

ACCIDENT IN MCALESTER COAL MINE KILLS TWO

HOISTING ENGINEER LOSES CONTROL OF CAGE.

Two Are Injured and Property Damage Is Heavy—Shaft Is 500 Feet Deep.

McAlester, Ok., Mar. 2.—Bill Douglass, hoisting engineer at the mine of the McAlester Coal and Mining company at Buck, where the shaft is 500 feet deep, lost control of his engine early Tuesday morning and the cage shot to the top of the tipple, broke that off with the shive wheel and threw all this with the cage, weighing over two tons, into the engine room, breaking the engines to pieces, instantly killing the engineer; so injuring Phil Tinehor, fire boss, that he died within an hour and seriously if not fatally injuring Arthur Oliver, another fire boss, and Cash Manuel, an employe, all of whom were in the engine room at the time. The property damage is heavy.

FOR CATARRH.

Medicine Free in Every Case Where It Fails to Relieve.

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied:

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucu-Tone comes in two sizes, 50 cents and \$1.00. We urge you to try it. Remember you can obtain Rexall Remedies in Ada only at our store—The Rexall Store. The Gwin & Mays Co., West Main St.

COL. DAY WAS HERE IN 1883.

Matthews Day, former governor general of Nindina Province, Iolo Island, Philippines, at present Colonel of the 8th United States Cavalry, stationed at Jolo, is in the city, the guest of Gov. and Mrs. Haskell. Col. Day is en route from Jolo to Toledo, Ohio, to visit his brother, Willis Day, whose wife is a sister of Mrs. Haskell.

In 1883 to 1885 Col. Day was a lieutenant, was engaged in driving Payne and Counch boomers from the "Promised Land," in command of a company he camped for a year north of Guthrie, on what is now the Joe Norris farm. East of this farm he dug a well fifty feet deep.

Col. Day was in the battle of Stillwater and was with Col. Kavanaugh on the Guthrie townsite.

SON OF CRAZY SNAKE DEAD.

Eufaula, Ok., Mar. 2.—Freeland Harjo, a son of Chitto Harjo, better known as Crazy Snake, chief of the band of Snake Indians, died under mysterious circumstances. When he arrived in Eufaula from the Snake vicinity he seemed to be suffering, but was not questioned closely as to his condition. When he failed to appear for breakfast an investigation revealed the fact that he had died during the night. An examination showed bruises on the back of his head and neck.

TRAIN IS BURIED UNDER SNOWSLIDE

EXPRESS TRAIN STALLED FIVE DAYS LIES BENEATH SNOW.

TWENTY BODIES RECOVERED

Twenty-five Still Missing—Avalanche at Wellington, Wash., Kills Fifteen or Twenty—Relief Train to Scene.

Everett, Wash. Mar 2—Twenty bodies have been recovered, twenty-five persons are missing and fifteen or twenty injured in an avalanche at Wellington.

Everett, Wash. Mar 2—The Great Northern Spokane Express which has been stalled on the summit of the Cascade Mountains since last Thursday, was buried by a slide early today. It is believed there was loss of life. A relief train has gone from Everett but will not be able to get within ten miles of the train.

The stalled train was about two miles west of the west portal of the Cascade tunnel and the track was open to the tunnel. At the Great Northern headquarters the number of persons on the train is given as thirty. Two passengers who came out and walked over the ten miles that is blockaded gave the number of persons on the train as more than sixty of which fifty-one were passengers.

Among them were several women and children. News of the burying of the train came in a telephone message from Scenic Hot Springs but connection was lost before any particulars could be obtained.

THINK NO ONE KILLED.

Great Northern Officials Believe Passengers Were in Hotel.

St. Paul, Minn., Mar 2—Great Northern officials have received word that train No. 25 that runs between Seattle and Spokane was swept off the track and buried by a snowslide at Wellington, Wash., at 4:30 o'clock this morning.

Information is meager and it is not known whether there are any fatalities. Local officials do not think that anyone was killed, as the train had been stalled at Wellington for three days, and they are of the opinion that the passengers were at hotels.

Later advices state that the Great Northern transcontinental mail and express train No. 27 and four electric motors used to pull trains through the Cascade tunnel were also swept from the tracks and carried 100 feet by the avalanche. The mail and express train does not carry passengers and as it had been stalled for several days it is not thought there was anyone aboard.

Traffic is at a standstill between Cutbank and White Fish, Mont. and between Leavenworth and Seattle. Wash. Rotary snow plows have been started for the west to help clear the tracks.

MOUNTAIN TRAFFIC IMPEDED.

Warm Wind and Rain Cause Snow Slides.

Seattle, Wash., March 2—Warm wind and rain caused rapid melting of snow in the Cascade Mountains today, bringing slides of snow, earth and rock down on the railroad tracks and turning the mountain streams to torrents.

The Northern Pacific canceled two trains each way and its other trains crept cautiously past points where danger threatened. The Great Northern, whose main line is buried for ten miles, operated one transcontinental train each way by way of Vancouver, Wash.

PRAIRIE FIRE THREATENS TOWN.

Jennings Ok., Mar 2—The town of Jennings was threatened last evening and night by a raging prairie fire fanned by a terrific gale. The fire was southeast of the town and it became necessary for citizens to turn out and fight against the fire until after midnight in order to save the town, and as a result there was little damage.

Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three months' wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

SHERIFF SAVES FRIES FROM BEING LYNCHED

NORMAN BOY HAS CLOSE CALL AT OKLAHOMA CITY

Mob Attempts to Take Life of Youth Who Murdered Automobile Driver

Oklahoma City, March 2—Eight automobiles, carrying 75 men, said to be changeurs and friends of the murdered driver, Artie Rose, arrived at Norman at 3:45 Wednesday morning. They drove to the county jail and demanded of Cleveland county sheriff, Ike Sale, the body of the confessed murderer of Rose, eighteen-year-old Leon Fries.

The threatening attitude of the invaders there with the manifest intention of putting lynch law into effect to atone for the murder of their comrade, was met with entire calmness by the sheriff, who was dressed and waiting the visitors.

You're too late boys, a couple of hours too late the man you want is not here.

From the gang alighted from the cars, and gathered around the sheriff there came a growl of mingled doubt as to the statements' truth and disappointment that it might be true.

He's putting us off boys, let's get in the jail," shouted the leader. You're perfectly welcome, boys, but you can't all come at once," replied the sheriff. Get a committee of six if you want to, and we'll search the place. You won't find him though, because you're awfully too late."

Although the ones in the background of the mob set up a shout to rush the jail the general temper of the leaders was to accept the offer of the sheriff. Six of those in the front ranks lined up with the official and went to the jail door.

A search of ten minutes resulted in the appearance of a down-cast committee again at the jail door.

"There is nothing doing, boys," said the leader to his waiting cohorts.

The sheriff allowed a thorough search of all jail premises basement, solitary cells and through the corridors. A search of the court house followed with the same result.

Are you satisfied now, or shall we go farther?" said the sheriff after this.

Both the raiders were satisfied, and after a short conference with the sheriff the visitors retreated to the waiting automobiles and left the city.

Rumor's, in Oklahoma City Tuesday night and early Wednesday morning told of the absence from the city's streets of most of the lively cars in town. Suspicion at once arose of the intent of this move. It is believed that an officer at the Oklahoma City headquarters suspecting this, wired to the county sheriff some time before midnight, in time for Sales to get away with the murderer.

When asked at what time in the night or morning the first tip on the affair came, Sales would only state that it came in plenty of time and that the man was fifteen miles away in charge of deputies before the first Oklahoma City automobile appeared in Norman.

DEPUTY KILLED AT QUINTON.

John Hodge Meets Instant Death From Rifle Shot.

McAlester, Ok., Mar 2—John Hodge a deputy sheriff of Haskell county, was shot and instantly killed at Quinton, on the eastern border of this county. He had just arrested one man, when another, who was across the street, called to the padlock to come to him. He started and a rifle was fired, striking the deputy. A watch the deputy had in his coat pocket was shattered and pieces of it were driven into his heart. An arrest has been made.

A HORSE-FIBBER.

Poteau Ok., Mar 2—A car load of horses was being shipped this week from Joplin, Mo., to Little Rock, Ark. One of them got hurt and was put off at Howe. The claim agent had him sent to Poteau, where he could get the service of a veterinary. They were all night getting here, but the next morning found him dead.

the insurgent band of the house. Mr.
Lindbergh in his letter to Hitchcock
also denounces Aldrichism and Can-
nonism repudiates Aldrich and Can-
non as leaders of the republican party
and charges that the postmaster
general has entered into a conspir-
acy with standpat politicians in his
district to defeat his renomination.
After reciting a number of cases in
which Hitchcock refused to appoint
postmasters on his recommendation
because he has identified himself with
the Progressive Republicans Mr.
Lindbergh continues:

The professional politicians I am
informed have endeavored to make
it appear to you that I am opposed
to the administration and that I do
not act upon matters that come into
the House for consideration in line
with the wishes of the president. No
one should doubt that I favor pro-
gressive legislation. I favor the
president's progressive ideas but I
cannot trust with implicit confidence
Cannon's and Aldrich's espousal of
the progressive cause. I have evi-
dence that makes me believe they
are not favorable to the essential
features of the president's best ideas
and I should scrutinize very closely
any bill drafted by them or their
agents.

Your objection to me seems in
some things to date back to a pe-
riod when I made an attack on Can-
nonism and Aldrichism. I now feel
that my being in disfavor with your
department is due to my opposition
to the leaders of the house and the
senate. I assume also that you
are in good faith in thinking that be-
cause they are the apparent leaders
of the party I a republican should
act in concert with these so called
leaders. If that is so there is an
irreconcilable conflict on for I do
not recognize these gentlemen as the
leaders of the republican party. You
must realize that both these men and
a few of their most ardent followers
are a great burden to the party and
a great burden to the people and
the sooner their leadership ceases
the safer the future of the republi-
can party.

Returning to the question of post-
masterships Mr. Lindbergh says:

If you do not appoint the men I
recommend when new postmasters
are to be appointed it will not in-
jure me half as much as it will the
reputation of your department and
some of the professional politicians
for the people of my district know
that all sorts of inducements have
been made to me to be favorable to
the leaders of the house.

REPUBLICANS IN LEGIS- LATURE STAND BY NEGROES

TAILOR MEASURE MEETS WITH
PASSAGE.

Negro Question Is Subject of Long
Debate—Initiative and Refer-
endum Amended.

Guthrie Ok. Mar 2—In working to
final roll call the Taylor bill amend-
ing the initiative and referendum
law and fixing a new method for sub-
mitting amendments to the Consti-
tution the House had a long de-
bate on the negro question and the
disfranchisement of persons of Afri-
can descent. The bill which was passed,
permits the placing of proposed
constitutional amendments anywhere
on the ticket the Election Board
chooses and requires the printing
of the following statement:

For the amendment. If an elector
desires to vote against the amend-
ment he eliminates the words, if he
favors it these words are left on
the ballot. Under the rule a person
may entirely disregard the ballot in
this respect and still be counted as
favoring a proposition so submitted.
Advocates of the bill claim that if
the voter does not record himself
against a proposition he may reason-
ably be included as favoring it.
The republicans boldly charged that
the purpose of the new law was to
make it possible to relieve the ne-
gro of his franchise by adopting
the grandfather clause and upon
this basis the debate was pitched
without a denial from democrats that
such a revision of the elective fran-
chise would be possible.

Whether unwittingly or not re-
publicans made it plain for the
democrats to get on record with cer-
tain amendments. One which Mr.
Jones leader of the minority sent
up for that side of the house pro-
posed to change the scheme of vot-
ing. The plan fixed in the bill had
been vigorously denounced as un-
fair while the minority's amendment
suggested the use of the following
which it asserted would give the
elector a free road in registering his
choice on Constitutional amendments.

To the amendment—yes and un-
derneath it Against the amendment

After Mr. Tillotson Democratic
caucus leader put through a motion
to print the amendment in the jour-
nal as coming from the minority he
explained that the republican plan
left the voter but one alternative
of voting for proposition submitted
under the act whereas he explained
the bill would give a voter an op-
portunity of indicating or opposing
amendments.

Debate in House.

Debate on the bill was limited to
one hour on each side. Judge Cook
of Muskogee was present and by the
republicans and he consumed forty
five minutes. He stated that he un-
derstood Mr. Tillotson to announce on
the floor of the house that one pur-
pose of the law was to make it easy
for disfranchising the negro.

Judge Cook is a native of North
Carolina and he told the house that
thirty nine years ago he presented
himself at the ballot box in his na-
tive county. There were several hun-
dred negroes some of whom had
been slaves of his father around the
polls. The man at the box presented
him a Bible and he was required to
take the oath of allegiance and
swear to support the constitution of
the United States. He said before
he was allowed to cast his ballot.

I took the oath and the judge
and that is the first time I got into
the federal union. The constitution
says the right of franchise shall not
be denied on account of race color
or previous condition of servitude.
That was forty years ago I took the
oath and I have not violated it since
and will not do so now. Other men
then older than I said that the end
justified the means that the oath
was thrust upon them by the federal
army and they did not propose to
be bound by it. That was forty years
ago gentlemen. If it was wrong then
to give the negro suffrage I submit
that it is not so now. The negro has
had forty years of education and
improvement. I took an oath to sup-
port the constitution of the state
but there was no federal army in
that, and I still refuse to violate the
oath I then took.

Tribute to Slave.

He paid a glowing tribute to the
negro slave who while the master
was away fighting the flag that was
then marching south to strike the
shackles from the negro's limbs, re-
mained at home with consistent for-
titude and integrity which, the speak-
er said, was unlike any race be-
fore or since, and that he guarded
the home and the womenfolk. The
Lord had liberated the Israelites from
Egypt and provided a place for them
to go on forty years' probation, the
speaker related, while the federal
government had liberated the negro
and gave him the sacred ballot, and
that was all he thought that the
forty years of probation the negro
has been on would about square ac-

counts to whether he should be entitled
to retain the only thing the federal
government gave him.

Of the negro race he said 59 per-
cent was educated.

Mr. Sherman republican of Major
county in five minutes confided to
the democrats that one reason for
calling the special session was to
pass an election law since democ-
rats were beginning to fear the time was
not distant when they would be per-
mitted not to handle the state gov-
ernment.

So far as the negro is concern-
ed the speaker declared Haskell
was elected by them to the consti-
tutional convention from a Muskogee
district. He was on an independent
ticket if it was all right then it is
right now.

He said that within four sessions
of the legislature Oklahoma would
have a new constitution and that if
the truth were known the state is
now short by about \$1,000,000 on ac-
count of the progressive ideas of
the democratic administration put in-
to operation.

Mr. Utterback republican of King
fisher followed telling the house that
he still had faith that some of the
democrats would oppose the bill. He
referred to those whom he term-
ed honest democrats and the Wil-
son bill which provides for invest-
igation of the state offices every reg-
ular and special session of the leg-
islature which bill he said the sen-
ate was holding up to save the gov-
ernor the difficulty of a thing it is
said that the state could go republi-
can in the next election (1909) a
majority notwithstanding a large
heart of the people were democrats.

Debate for Democrats.

When the minority and consumed
all a time Mr. Tillotson opened de-
bate in the room class and to first
told the republicans that they had
made a put of it all through their
willing to take the consequences. He
said that the negro was not a
right by but a gift of government
he believed in a white man's govern-
ment. The one purpose of the bill he
declared was to raise the standard of
citizenship. He pointed out to Judge
Cook of the minority that his de-
lative State North Carolina had the
grandfather clause and it was en-
tirely constitutional there. Mr. Gil-
mer of Ardmore also a native of
North Carolina pronounced himself
as against a negro voting or holding
office in the state of Oklahoma. Also
addressing himself to Judge Cook he
stated that the grandfather clause
had been adopted in North Carolina
by a 65,000 majority.

Mr. Tillotson took up Judge Cook's
statement about the children of Is-
rael, and said that the Lord saved
them for themselves and not for
their votes.

In the Muskogee election of
which the gentleman also spoke,
said Mr. Tillotson the white republi-
cans and democrats joined in the
election of Haskell and P. B. Hop-
kins in order to keep a negro out
of the constitutional convention. That
was the situation then and I un-
derstand that it is the same to-
day.

Hurrah for Haskell, sung out a
member in the rear.

"The negro vote is only a republi-
can asset," continued Mr. Tillot-
son. "As soon as the election is over
you have no more use for the negro
I want the negro protected but I
want the white man to make the
laws."

JACKSON COUNTY BOND ISSUE.

Altus, Ok. Mar 2—Jackson coun-
ty will vote March 28 on the is-
sue of \$100,000 bonds for the
building of a new jail and court
house. The present court house is
inadequate for court purposes and
affords no fire protection for the
county records. The jail is small and
unsanitary. The tax will be less than
one mill on the dollar, as the val-
uation for Jackson county in 1909
was more than \$11,000,000 and will
be greatly increased this year.

WILL HENDRICKS SHOWS UP AT A DANCE NEAR ROFF

OUTLAW TRIPS THE LIGHT FANTASTIC TOE.
Gets Mad When the Fiddler Quits Fiddling and Drives Dancers From House.

Quite a lot of talk has been made of Will Hendricks, the outlaw, but the people around Roff have had a better chance to use his name as a subject since last Friday night than ever before.

Hendricks got wise that there was going to be a dance at the home of George Brashear near Roff Friday night and enjoying a dance himself, he attended it. No one was more in evidence than he and he seemed to be having the time of his life. Everything went off lovely until the fiddler served notice on the dancers that he was tired and was going to quit. He confirmed this notice by his departure.

Didn't Suit Hendricks.
Hendricks either didn't want to dance without music or his nature called upon him for an old-fashioned rough house. Anyway he got angry when the music manufacturer left and the rough house resulted. Doors and windows were too small for the dancers to get out of, but when the bad man left, the house was empty.

Reward for Him.
There is a reward of \$650 for Hendricks. Several months ago he escaped from the federal jail at Paris, Texas, after a life sentence had been passed on him and it is reported that he has been hanging out at his father's home near Dolburg for some time.

MOST SUCCESSFUL TEACHERS' MEETING

PROBABLY THE BEST EVER HELD BY PONTOTOC COUNTY ASSOCIATION

TEACHERS TREATED ROYALLY

Are Taken Into Residents' Homes—Those Who Stayed at Hotels Have Board Paid—Good Addresses Made

The Pontotoc County Teachers' Association which convened at Francis on last Friday and Saturday was one of the best meetings the Association has ever held. There was almost a complete attendance of the county teachers, besides a goodly number outside the county were in attendance. Several distinguished educators of the State were there, among them being Superintendent Roberts of Guthrie, Superintendent of the Logan county schools, who gave a very extended and appreciated talk about the history of Oklahoma.

The meeting was held in the commodious rooms of the brick school building, which was elaborately decorated for the occasion.
The display of paintings and primary grade work showed the effects of careful and diligent work on the part of the teachers.

The luncheon served at the school building Saturday at noon certainly deserves special mention. T. F. Pierce presided as toastmaster, and the following are some of the toasts and to whom assigned:

The Toasts.

"Teacher"—Mrs. C. V. Rice, Francis

"Oklahoma"—A. D. Tanner, Mill Creek.

"1910"—E. E. Matthews, Ada.

"The Pioneer"—J. I. McCoolle, Francis.

"The Flag"—F. L. Norton, Roff.

Treated as Guests

Every teacher was looked upon as a guest of the people of Francis, and most of them were taken to private homes and kept during the convention, but those who preferred to stay at hotels had their bills paid.

The teachers and all other visitors express themselves as having attended the most instructive and enjoyable meeting in the Association's history.

QUIET AT PHILADELPHIA.

Philadelphia, Pa., March 2.—With the withdrawal today of the last detachment of state police on duty here and the discharge from further strike service of the State Penitentiaries, this city gave up the only evidence of anything resembling martial law which has existed here since the carmen's strike began eleven days ago.

To fill the place of the state troopers a special cavalry force is maintained by the city authorities.

Up to a late hour tonight not an act of disorder has been reported today in any section of the city.

Interest now centers in the efforts of business men, ministers and others to induce the Philadelphia Rapid Transit Company to listen to proposals of arbitration. After a special meeting of the board of directors the company again announced that there would be no arbitration.

C. O. Pratt, the leader of the striking trolley men, however, says he still hopes for a satisfactory settlement of the differences before the sympathetic strike becomes effective on Saturday.

Two Are Injured and Property Damage Is Heavy—Shaft Is 500 Feet Deep.

McAlester, Ok., Mar. 2.—Bill Douglass, hoisting engineer at the mine of the McAlester Coal and Mining company, at Buck, where the shaft is 500 feet deep, lost control of his engine early Tuesday morning and the cage shot to the top of the tipple, broke that off with the shive wheel and threw all this with the cage, weighing over two tons, into the engine room, breaking the engines to pieces, instantly killing the engineer; so injuring Phil Tinchor, fire boss, that he died within an hour and seriously if not fatally injuring Arthur Oliver, another fire boss, and Cash Manuel, an employee, all of whom were in the engine room at the time. The property damage is heavy.

FOR CATARRH.

Medicine Free in Every Case Where It Fails to Relieve.

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Mucuo-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucuo-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucuo-Tone comes in two sizes, 50 cents and \$1.00. We urge you to try it. Remember you can obtain Rexall Remedies in Ada only at our store—The Rexall Store, The City & State Co., West Main St.

Guthrie, Ok., Mar. 2.—Col. Matthews Day, former governor general of Nidina Province, Iolo Island, Philippines, at present Colonel of the 8th United States Cavalry, stationed at Jolo, is in the city, the guest of Gov. and Mrs. Haskell. Col. Day is on route from Jolo to Toledo, Ohio, to visit his brother, Willis Day, whose wife is a sister of Mrs. Haskell.

In 1883 to 1885 Col. Day was a Lieutenant, was engaged in driving Payne and Counch boomers from the "Promised Land," in command of a company he camped for a year north of Guthrie, on what is now the Joe Norris farm. East of this farm he dug a well fifty feet deep.

Col. Day was in the battle of Stillwater and was with Col. Kavanaugh on the Guthrie townsite.

SON OF CRAZY SNAKE DEAD.

Eufaula, Ok., Mar. 2.—Freeland Harjo, a son of Chitto Harjo, better known as Crazy Snake, chief of the band of Snake Indians, died under mysterious circumstances. When he arrived in Eufaula from the Snake vicinity he seemed to be suffering, but was not questioned closely as to his condition. When he failed to appear for breakfast an investigation revealed the fact that he had died during the night. An examination showed bruises on the back of his head and neck.

TRAIN IS BURIED UNDER SNOWSLIDE

EXPRESS TRAIN STALLED FIVE DAYS LIES BENEATH SNOW.

TWENTY BODIES RECOVERED

Twenty-five Still Missing—Avalanche at Wellington, Wash., Kills Fifteen or Twenty—Relief Train to Scene.

Everett, Wash. Mar 2—Twenty bodies have been recovered, twenty-five persons are missing and fifteen or twenty injured in an avalanche at Wellington.

Everett, Wash. Mar 2—The Great Northern Spokane Express, which has been stalled on the summit of the Cascade Mountains since last Thursday, was buried by a slide early today. It is believed there was loss of life. A relief train has gone from Everett, but will not be able to get within ten miles of the train.

The stalled train was about two miles west of the west portal of the Cascade tunnel and the track was open to the tunnel. At the Great Northern headquarters the number of persons on the train is given as thirty. Two passengers who came out and walked over the ten miles that is blockaded gave the number of persons on the train as more than sixty, of which fifty-one were passengers.

Among them were several women and children. News of the burying of the train came in a telephone message from Scenic Hot Springs, but connection was lost before any particulars could be obtained.

THINK NO ONE KILLED.

Great Northern Officials Believe Passengers Were In Hotel.

St. Paul, Minn., Mar 2—Great Northern officials have received word that train No 25 that runs between Seattle and Spokane was swept off the track and buried by a snowslide at Wellington, Wash., at 4:30 o'clock this morning.

Information is meager and it is not known whether there are any fatalities. Local officials do not think that anyone was killed, as the train had been stalled at Wellington for three days, and they are of the opinion that the passengers were at hotels.

Later advices state that the Great Northern transcontinental mail and express train No 27 and four electric motors used to pull trains through the Cascade tunnel were also swept from the tracks and carried 100 feet by the avalanche. The mail and express train does not carry passengers and as it had been stalled for several days it is not thought there was anyone aboard.

Traffic is at a standstill between Outbank and White Fish, Mont., and between Leavenworth and Seattle. Wash. Rotary snow plows have been started for the west to help clear the tracks.

MOUNTAIN TRAFFIC IMPEDED.

Warm Wind and Rain Cause Snow Slides.

Seattle, Wash., March 2—Warm wind and rain caused rapid melting of snow in the Cascade Mountains today, bringing slides of snow, earth and rock down on the railroad tracks and turning the mountain streams to torrents.

The Northern Pacific canceled two trains each way and its other trains crept cautiously past points where danger threatened. The Great Northern, whose main line is buried for ten miles, operated one transcontinental train each way by way of Vancouver, Wash.

PRAIRIE FIRE THREATENS TOWN.

Jennings, Ok., Mar 2—The town of Jennings was threatened last evening and night by a raging prairie fire fanned by a terrific gale. The fire was southeast of the town and it became necessary for citizens to turn out and fight against the fire until after midnight in order to save the town, and as a result there was little damage.

Get in on a Good Thing

We clothing men don't like to "carry over" goods from one season to another; we buy as much as we think we want—it's better to buy too much than too little; but one can't possibly foresee just how many suits or overcoats we're going to sell; and we always have left some stock.

Now, as the winter season draws to a close, as we're beginning to look for spring and summer stuff, here's this surplus of winter goods on hand.

These clothes will be just as good next fall as they are now, for you. We might put them away to keep until then, and sell them; but we don't want to. These suits and overcoats are a good deal better for you now than they will be for us next fall; you'll get two or three months' wear out of them before warm weather brings you in here for thin clothes; especially at the prices we're willing to take for the goods. Look at them!

SHERIFF SAVES FRIES FROM BEING LYNCHED

NORMAN BOY HAS CLOSE CALL AT OKLAHOMA CITY

Mob Attempts to Take Life of Youth Who Murdered Automobile Driver

Oklahoma City, March 2—Eight automobiles, carrying 75 men, said to be changeurs and friends of the murdered driver, Artie Rose, arrived at Norman at 3:45 Wednesday morning, drove to the county jail and demanded of Cleveland county sheriff, Ike Sale, the body of the confessed murderer of Rose, eighteen-year-old Leon Fries.

The threatening attitude of the invaders, there with the manifest intention of putting lynch law into effect to atone for the murder of their comrade, was met with entire calmness by the sheriff, who was dressed and waiting the visitors.

"You're too late, boys, a couple of hours too late the man you want is not here."

From the gang, alighted from the cars, and gathered around the sheriff, there came a growl of mingled doubt as to the statement's truth and disappointment that it might be true.

"He's putting us off boys, let's get in the jail," shouted the leader. "You're perfectly welcome, boys, but you can't all come at once," replied the sheriff. "Get a committee of six if you want to, and we'll search the place. You won't find him though, because you're awfully too late."

Although the ones in the background of the mob set up a shout to rush the jail the general temper of the leaders was to accept the offer of the sheriff. Six of those in the front ranks lined up with the official and went to the jail door.

A search of ten minutes resulted in the appearance of a down-cast committee again at the jail door.

"There is nothing doing, boys," said the leader to his waiting cohorts.

The sheriff allowed a thorough search of all jail premises, basement, solitary cells, and through the corridors. A search of the court house followed with the same result.

Are you satisfied now, or shall we go farther?" said the sheriff after this.

Both the raiders were satisfied, and after a short conference with the sheriff the visitors retreated to the waiting automobiles and left the city.

Rumors, in Oklahoma City, Tuesday night and early Wednesday morning told of the absence from the city's streets of most of the lively cars in town. Suspicion at once arose of the intent of this move. It is believed that an officer at the Oklahoma City headquarters, suspecting this, wired to the county sheriff some time before midnight, in time for Sales to get away with the murderer.

When asked at what time in the night or morning the first tip on the affair came, Sales would only state that it came in plenty of time and that the man was fifteen miles away in charge of deputies before the first Oklahoma City automobile appeared in Norman.

The crowd from Oklahoma City which went on the self-announced lynching party was lead, according to Sales, by a man who was an intimate of the dead chauffeur, Rose.

DEPUTY KILLED AT QUINTON.

John Hodge Meets Instant Death From Rifle Shot.

McAlester, Ok., Mar 2—John Hodge, a deputy sheriff of Haskell county, was shot and instantly killed at Quinton, on the eastern border of this county. He had just arrested one man, when another, who was across the street, called to the peddler to come to him. He started and a rifle was fired, striking the deputy. A watch the deputy had in his coat pocket was shattered and pieces of it were driven into his heart. An arrest has been made.

A HORSE-BREAKER.
Poteau, Ok., Mar 2—A car load of horses was being shipped this week from Joplin, Mo., to Little Rock, Ark. One of them got hurt and was put off at Howe. The claim agent had him sent to Poteau, where he could get the service of a veterinary. They were all night getting here, but the next morning found him dead.

REPRESENTATIVE NAMES HITCHCOCK A "DICTATOR"

LINDBERGH OF MINNESOTA VIG-
OROUSLY PROTESTS.

However, He Is Ignored Because He
Belongs to the Insurgent
Outfit.

Washington Mar 2—A political
dictator is one of the epithets ap-
plied to Postmaster General Hitch-
cock by Representative Charles Lin-
dborgh of Minnesota in a vigorous let-
ter of protest against the Postmaster
General's course in refusing to ap-
point postmasters on Mr. Lindbergh's
recommendation because the Minne-
sota representative is a member of
the insurgent band of the house. Mr.
Lindbergh in his letter to Hitchcock
also denounces Aldrichism and Can-
nonism repudiates Aldrich and Can-
non as leaders of the republican par-
ty and charges that the postmaster
general has entered into a conspir-
acy with standpat politicians in his
district to defeat his renomination.
After reciting a number of cases in
which Hitchcock refused to appoint
postmasters on his recommendation
because he has identified himself with
the Progressive Republicans Mr.
Lindbergh continues:

The professional politicians I am
informed have endeavored to make
it appear to you that I am opposed
to the administration and that I do
not act upon matters that come into
the House for consideration in line
with the wishes of the president. No
one should doubt that I favor pro-
gressive legislation. I favor the
president's progressive ideas but I
can not trust with implicit confidence
Cannon and Aldrich's espousal of
the progressive cause. I have evi-
dence that makes me believe they
are not favorable to the essential
features of the president's best ideas
and I should scrutinize very closely
any bill drafted by them or their
agents.

Your objection to me seems in
some things to date back to a pe-
riod when I made an attack on Can-
nonism and Aldrichism. I now feel
that my being in disfavor with your
department is due to my opposition
to the leaders of the house and the
senate. I assume also that you
are in good faith in thinking that be-
cause they are the apparent leaders
of the party I a republican should
not be in concert with these so called
leaders. If that is so there is an
irreconcilable conflict on for I do
not recognize these gentlemen as the
leaders of the republican party. You
must realize that both these men and
a few of their most ardent followers
are a great burden to the party and
a great burden to the people and
the sooner their undignified careers
the safer the future of the republi-
can party.

Returning to the question of post-
masterism Mr. Lindbergh says:

If you do not appoint the men I
recommend when new postmasters
are to be appointed it will not in-
jure me half as much as it will the
reputation of your department and
some of the professional politicians
for the people of my district know
that all sorts of inducements have
been made to me to be favorable to
the leaders of the house.

REPUBLICANS IN LEGIS- LATURE STAND BY NEGROES

TAILOR MEASURE MEETS WITH
PASSAGE.

Negro Question Is Subject of Long
Debate—Initiative and Refer-
endum Amended.

Guthrie Ok. Mar 2—In working to
final roll call the Taylor bill amend-
ing the Initiative and referendum
law and fixing a new method for sub-
mitting amendments to the Consti-
tution the House had a long de-
bate on the negro question and the
disfranchisement of persons of Afri-
can descent. The bill which was pass-
ed, permits the placing of proposed
constitutional amendments anywhere
on the ticket the Election Board
chooses and requires the printing
of the following statement:

To the amendment. If an elector
desires to vote against the amend-
ment he eliminates the words "if he
favors it these words are left on
the ballot. Under the rule a person
may entirely disregard the ballot in
this respect and still be counted as
favoring a proposition so submitted.
Advocates of the bill claim that if
the voter does not record himself
against a proposition he may reason-
ably be included as favoring it.
The republicans boldly charged that
the purpose of the new law was to
make it possible to relieve the ne-
gro of his franchise by adopting
the grandfather clause and upon
this basis the debate was pitched
without a denial from democrats that
such a revision of the elective fran-
chise would be possible.

Whether unwittingly or not re-
publicans made it plain for the
democrats to get on record with cer-
tain amendments. One which Mr.
Jones leader of the minority sent
up for that side of the house pro-
posed to change the scheme of vot-
ing. The plan fixed in the bill had
been vigorously denounced as un-
fair while the minority's amendment
suggested the use of the following
which it asserted would give the
elector a free road in registering his
choice on Constitutional amendments.
To the amendment—yes and un-
derneath it Against the amendment
—no.

After Mr. Tillotson Democratic
caucus leader put through a motion
to print the amendment in the jour-
nal as coming from the minority he
explained that the republican plan
left the voter but one alternative
of voting for proposition submitted
under the act whereas he explained
the bill would give a voter an op-
portunity of favoring or opposing
amendments.

Debate in Hall.

Debate on the bill was limited to
one hour on each side. Judge Cook
of Muskogee was presented by the
republicans and he consumed forty
five minutes. He stated that he un-
derstood Mr. Tillotson to announce on
the floor of the house that one pur-
pose of the law was to make it easy
for disfranchising the negro.

Judge Cook is a native of North
Carolina and he told the house that
thirty nine years ago he presented
himself at the ballot box in his na-
tive county. There were several hun-
dred negroes some of whom had
been slaves of his father around the
polls. The man at the box presented
him a Bible and he was required to
take the oath of allegiance and
swear to support the constitution of
the United States. He said before
he was allowed to cast his ballot.

I took the oath said the judge
and that is the first time I got into
the federal union. The constitution
says the right of franchise shall not
be denied on account of race color
or previous condition of servitude.
That was forty years ago I took the
oath and I have not violated it since
and will not do so now. Other men
then older than I said that the end
justified the means that the oath
was thrust upon them by the federal
army and they did not propose to
be bound by it. That was forty years
ago gentlemen. If it was wrong then
to give the negro suffrage I submit
that it is not so now. The negro has
had forty years of education and
improvement. I took an oath to sup-
port the constitution of the state
but there was no federal army in
that, and I still refuse to violate the
oath I then took.

Tribute to Slave.

He paid a glowing tribute to the
negro slave who while the master
was away fighting the flag that was
then marching south to strike the
shackles from the negro's limbs, re-
mained at home with consistent forti-
tude and integrity which, the speak-
er said, was unlike any race be-
fore or since, and that he guarded
the home and the womenfolk. The
Lord had liberated the Israelites from
Egypt and provided a place for them
to go on forty years' probation, the
speaker related, while the federal
government had liberated the negro
and gave him the sacred ballot, and
that was all. He thought that the
forty years of probation the negro
has been on would about square ac-

counts to where he should be entitled
to retain the only thing the federal
government gave him.

Of the negro race he said 59 per-
cent was educated.

Mr. Sherman republican of Major
county in five minutes confided to
the democrats that one reason for
calling the special session was to
pass an election law since democ-
rats were beginning to fear the time was
not distant when they would be per-
mitted not to handle the state gov-
ernment.

So far as the negro is concern-
ed the speaker declared Haskell
was elected by them to the consti-
tutional convention from a Muskogee
district. He was on an independent
ticket. If it was all right then it is
right now.

He said that within four sessions
of the legislature Oklahoma would
have a new constitution and that if
the truth were known the state is
now short by about \$1,000,000 on ac-
count of the progressive ideas of
the democratic administration put in-
to operation.

Mr. Utterback republican of King
fisher followed telling the house that
he still had faith that some of the
democrats would oppose the bill. He
referred to those whom he termed
honest democrats and the Wil-
son bill which provides for investi-
gation of the state offices every reg-
ular and special session of the leg-
islature which bill he said the sen-
ate was holding up to save the gov-
ernor the difficulty of voting it. If
said that the state could go republi-
can in the next election by 25,000
majority notwithstanding a majority
of the people were democrats at heart.

Debate for Democrats.

When the house and senate
all at once Mr. Tillotson owned de-
bate in the commons and to first
told the republicans that if they did
not pass the bill through they were
willing to take the consequences. He
said that the franchise was not a
right by but a gift of government.
He believed in a white man's gov-
ernment. The one purpose of the bill
he declared was to raise the standard of
citizenship. He pointed out to Judge
Cook of the minority that his na-
tive State North Carolina had the
grandfather clause and it was en-
tirely constitutional there. Mr. Gil-
mer of Ardmore also a native of
North Carolina pronounced himself
as against a negro voting or holding
office in the state of Oklahoma. Also
addressing himself to Judge Cook he
stated that the grandfather clause
had been adopted in North Carolina
by a 65,000 majority.

Mr. Tillotson took up Judge Cook's
statement about the children of Is-
rael, and said that the Lord saved
them for themselves and not for
their votes.

In the Muskogee election of
which the gentleman also spoke,
said Mr. Tillotson the white republi-
cans and democrats joined in the
election of Haskell and P. B. Hop-
kins in order to keep a negro out
of the constitutional convention. That
was the situation then and I un-
derstand that it is the same to-
day.

Murrah for Haskell, sung out a
member in the rear.

'The negro vote is only a republi-
can asset,' continued Mr. Tillot-
son. 'As soon as the election is over
you have no more use for the negro.
I want the negro protected but I
want the white man to make the
laws.'

JACKSON COUNTY BOND ISSUE.

Altus, Ok., Mar 2—Jackson coun-
ty will vote March 28 on the is-
sue of \$100,000 bonds for the
building of a new jail and court
house. The present court house is
inadequate for court purposes and
affords no fire protection for the
county records. The jail is small and
unsanitary. The tax will be less than
one mill on the dollar, as the val-
uation for Jackson county in 1909
was more than \$11,000,000 and will
be greatly increased this year.

Then oil sand is reached and all is wild with excitement. The
scooter's wagon is soon on the ground and after 80' quits

WILL HENDRICKS SHOWS UP AT A DANCE NEAR ROFF

OUTLAW TRIES THE LIGHT FAN-
TASTIC TOE.

Gets Mad When the Fiddler Quits
Fiddling and Drives Dancers
From House.

Quite a lot of talk has been made
of Will Hendricks, the outlaw, but
the people around Roff have had a
better chance to use his name as a
subject since last Friday night than
ever before.

Hendricks got wise that there was
going to be a dance at the home of
George Brashear near Roff Friday
night and enjoying a dance himself,
he attended it. No one was more in
evidence than he and he seemed to
be having the time of his life. Ev-
erything went off lovely until the
fiddler served notice on the dancers
that he was tired and was going to
quit. He confirmed this notice by
his departure.

Didn't Suit Hendricks.
Hendricks either didn't want to
dance without music or his nature
called upon him for an old-fashioned
rough house. Anyway he got angry
when the music manufacturer left
and the rough house resulted. Doors
and windows were too small for the
dancers to get out of, but when the
bad man left, the house was empty.

Reward for Him.
There is a reward of \$650 for
Hendricks. Several months ago he
escaped from the federal jail at
Paris, Texas, after a life sentence
had been passed on him and it is
reported that he has been hanging
out at his father's home near Dol-
burg for some time.

Some Speed.

Ada's pumping station is going to
be dressed up a bit. The city today
sent away an order for a new elec-

power and is described as follows:
2200 volt, 65 cycle, 3 phase CCL ver-
ticle induction.

Old One on Bum.
The price of the motor is \$80 f. o.
b. Ada and its purchase was impera-
tive as the present one is old and
considerably worn and is liable to
break down most any time.

The motor is bought from the West-
inghouse Electric & Manufacturing
Co. and has a speed of 1125 revolu-
tions per minute—enough to make

MOST SUCCESSFUL TEACHERS' MEETING

PROBABLY THE BEST EVER HELD
BY PONTOTOC COUNTY
ASSOCIATION

TEACHERS TREATED ROYALLY

Are Taken Into Residents' Homes—
Those Who Stayed at Hotels
Have Board Paid—Good
Addresses Made

The Pontotoc County Teachers' As-
sociation which convened at Francis
on last Friday and Saturday was
one of the best meetings the Asso-
ciation has ever held. There was al-
most a complete attendance of the
county teachers, besides a goodly
number outside the county were in
attendance. Several distinguished ed-
ucators of the State were there,
among them being Superintendent
Roberts of Guthrie, Superintendent
of the Logan county schools, who
gave a very extended and appreciated
talk about the history of Oklahoma.

The meeting was held in the com-
modious rooms of the brick school
building, which was elaborately deco-
rated for the occasion.

The display of paintings and pri-
mary grade work showed the effects
of careful and diligent work on the
part of the teachers.

The luncheon served at the school
building Saturday at noon certainly
deserves special mention. T. F. Pierce
presided as toastmaster, and the fol-
lowing are some of the toasts and
to whom assigned:

The Toasts.

"Teacher"—Mrs. C. V. Rice, Francis
"Oklahoma"—A. D. Tanner, Mill
Creek.

"1910"—E. E. Matthews, Ada.
"The Pioneer"—J. I. McCoolle, Francis.

"The Flag"—F. L. Norton, Roff.

Treated as Guests

Every teacher was looked upon
as a guest of the people of Francis,
and most of them were taken to pri-
vate homes and kept during the con-
vention, but those who preferred to
stay at hotels had their bills paid.

The teachers and all other visit-
ors express themselves as having
attended the most instructive and
enjoyable meeting in the Association's
history.

QUIET AT PHILADELPHIA.

Philadelphia, Pa., March 2.—With
the withdrawal today of the last de-
tachment of state police on duty here
and the discharge from further strike
service of the State Penitentiaries, this
city gave up the only evidence of
anything resembling martial law
which has existed here since the
carmen's strike began eleven days
ago.

To fill the place of the state troop-
ers a special cavalry force is main-
tained by the city authorities.

Up to a late hour tonight not an
act of disorder has been reported
today in any section of the city.

Interest now centers in the efforts
of business men, ministers and others
to induce the Philadelphia Rapid
Transit Company to listen to propo-
sals of arbitration. After a special
meeting of the board of directors the
company again announced that there
would be no arbitration.

C. O. Pratt, the leader of the strik-
ing trolleyman, however, says he still
hopes for a satisfactory settlement
of the differences before the sympa-
thetic strike becomes effective on Sat-
urday.

HOISTING ENGINEER LOSES CONTROL OF CAGE

Two Are Injured and Property Damage Is Heavy—Shaft Is 500 Feet Deep.

McAlester, Ok., Mar. 2.—Bill Douglas, hoisting engineer at the mine of the McAlester Coal and Mining company at Buck, where the shaft is 300 feet deep, lost control of his engine early Tuesday morning and the cage shot to the top of the tipple, broke that off with the shive wheel and threw all this with the cage, weighing over two tons, into the engine room, breaking the engines to pieces, instantly killing the engineer; so injuring Phil Tinehor, fire boss, that he died within an hour and seriously if not fatally injuring Arthur Oliver, another fire boss, and Cash Manuel, an employee, all of whom were in the engine room at the time. The property damage is heavy.

Frederick, Ok., March 2.—J. S. Soule of Frederick and Miss Bertha Cooke of Indiana were married in this city by Probate Judge Wolverton. The bride has recently come from Missouri, and the groom is a veteran newspaper man, having spent over thirty years on different papers on the frontier. When the Oklahoma and Comanche country was opened to settlement he was one of the allotting agents. At the present time he is editor of the Frederick Leader.

FOR CATARRH.

Medicine Free in Every Case Where It Falls to Relieve.

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally, consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Muc-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Muc-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Muc-Tone comes in two sizes, 50 cents and \$1.00. We urge you to try it. Remember you can obtain Rexall Remedies in Ada only at our store—The Rexall Store, The Gwin & Sons Co., West Main St.

COAL MINE KILLS TWO

Col. Day, former governor general of Mindana Province, Iolo Island, Philippines, at present Colonel of the 8th United States Cavalry, stationed at Jolo, is in the city, the guest of Gov. and Mrs. Haskell. Col. Day was in the battle of Stillwater and was with Col. Kavanaugh on the Guthrie townsie.

SON OF CRAZY SNAKE DEAD.
Eufaula, Ok., Mar. 2.—Freeland Harjo, a son of Chitto Harjo, better known as Crazy Snake, chief of the band of Snake Indians, died under mysterious circumstances. When he arrived in Eufaula from the Snake vicinity he seemed to be suffering, but was not questioned closely as to his condition. When he failed to appear for breakfast an investigation revealed the fact that he had died during the night. An examination showed bruises on the back of his head and neck.

IF WOMEN ONLY KNEW.

What a Heap of Happiness It Would Bring to Ada Homes.

Hard to do housework with an aching back.

(Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains come from sick kidneys,

"I would save much needless woe.

Doan's Kidney Pills cure sick kidneys.

Many residents of this vicinity endorse them.

Mrs. Samuel Marshall of Coalville, Okla., says: "About two years ago I suffered from an almost constant ache across the small of my back, especially severe when I contracted a cold or overexerted myself. I also had trouble from the kidney secretions. Hearing Doan's Kidney Pills highly spoken of, I procured a box and found prompt relief from their use. The contents of two boxes of this remedy cured me. I always advise the use of Doan's Kidney Pills to any one I hear complaining of kidney disease."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
